SUMMARY

I am an innovative problem-solver who takes initiative with minimal supervision and is passionate about continued learning and rising to face new challenges. I am also adaptable.

Intermediate Language Experience:

Javascript, HTML5, CSS3, jQuery, AJAX

Familiar Language Experience:

Bootstrap, JSON, PHP, MySQL

Tools:

WAMP, Git, Atom

Operating Systems:

Windows 7, Mac OSX, Linux Debian/Raspbian

EXPERIENCE

OPERATIONS MANAGER, Maple Tree Studio

Sep. 2013 - May 2016

- Tripled revenue in two years by crafting a business model targeting student demographics
- Drafted successful funding proposal, raising \$5,000 to pay for new equipment
- Expanded student internships by implementing recruitment and training programs

AUDIO ENGINEER, Maple Tree Studio

Sep. 2011 - Sep. 2015

- Produced and developed 20 albums over a three year period
- Established rapport with local and regional artists by creating solutions to fit their needs
- Designed a 200 level college course curriculum with focus on team-building and creativity

A/V TECHNICIAN, Best Events

Sep. 2015 - Apr. 2016

- Liaised with clients to streamline audio/video equipment requirements and setup for events
- Operated stage lights, sound boards, and video projectors for a variety of corporate events
- Stepped up to help other short-staffed departments facing pressure to cater large audiences

PROJECTS

SOUNDSWORD - <http://soundword.brandonwkipp.com>

- An audio editor built in Javascript and jQuery on top of the HTML5 Web Audio API

KNOBJECT.JS - <http://brandonwkipp.github.io/knobject-js>

- A component for creating input knobs based on the HTML5 canvas element
